## Education

### Bachelor of Engineering: Computer Science

Ips Academy, Indore  
CGPA: 8.9

Oct 2021 - July 2025

### Ramakrishna Mission Vidyapeeth

Indore, Madhya Pradesh  
Percentage: 82

July 2019 - August 2021

## Technical skills

<b>Programming Languages</b>	C/C++, JavaScript, Typescript, Python
<b>Tools &amp; Platforms</b>	Git, GitHub, VS Code, Vercel, Firebase
<b>Frameworks &amp; Libraries</b>	React.js, Next.js, Node.js, MongoDB, Tailwind CSS, Material UI

## Projects

### Study Notion | Major Project Demo

15 June 2023- 12 August 2023

- Study Notion is a fully functional ed-tech platform that enables users to create, consume, and rate educational content.
- A seamless and interactive learning experience for students, making education more accessible and engaging.
- Built using React.JS and Tailwind CSS for the front-end development. Additionally, used some npm packages & Redux, Finally, used a development environment VSCode.
- Deployed the platform on Vercel and Cloudinary, ensuring fast and reliable delivery to over multiple visitors at single time.

### Cosmo Crowd

20 July 2023 - Present

- I developed a cutting-edge web application with an elegant design that seamlessly integrates with the blockchain ecosystem. The application enables users to connect their wallets, such as MetaMask, and interact with smart contracts.
- Successfully connected the app to Ethereum blockchain and began to explore smart contract development, laying the foundation for more advanced work in future.
- Facilitated simple Ethereum transactions within the network, gaining initial exposure to blockchain transactions & Initiated learning Solidity.

### Personal Portfolio Demo

- My portfolio features ThreeJS, React Three Fiber, TailwindCSS, and Framer Motion, showcasing my skills in 3D graphics, React development, styling, and animations.
- It Demonstrates 3D modeling, code reusability, email form implementation, and responsive design.
- Highlights: Emphasizes proficiency in 3D visuals and adherence to industry standards.

## Achievements

1. Achieved a ranking under 10 in CodeEspire Hackathon.
2. Got a chance to participate in the Manit Bhopal Hackathon.
3. Won the Inter College Science Exhibition competition.
4. Solved 300+ DSA problems on LeetCode & GeeksforGeeks
